The Brigands Have Not Replied to the Latest Proposals of Mr. Dickinson-Danger of Delay.

By Exclusive Wire from The Associated Press.

Sofia, Nov. 17.-The brigands who abducted Miss Ellen M. Stone, the American missionary and Mme, Tsilka, her companion, have not yet replied to the latest proposals of Mr. Dickinson, diplomatic agent of the United States in Sofia. This is believed to be due to the fact that the band has many leaders and that the latter are unable to agree among themselves.

There is a general impression here that time is being frittered away while waiting for the brigands to reduce their demands. It is felt that the only means by which matters can be brought to a head is to inform them as to the sum available for ransom to declare that this cannot be increased for any consideration whatever. Such an ultimatum might endanger the life of Miss Stone, but it is more probable that the brigands will accept this condition.

Besides every day's delay imperils her life, not so much on the score of the brigands themselves but by reason of the exposure and strain she is undergoing.
